

Department of Life Sciences

Master's degree in Integrated sustainability of agricultural systems

“UNIGreen Series” Seminars

Dr. Alejandro Tena Barreda

Institut Valencià d'Investigacions Agràries, Valencia, Spain

Topic: Biological control of plant pests

Host: **Prof. Lara Maistrello**

22/03/2024, 15.00-15.45:

**Biological control of invasive pests in citrus:
challenges and solutions**

22/03/2024, 16.00-16.45:

Honeydew as food source for beneficial insects in agriculture

Prof. Clara Inés Nicholls, Ph.D.

Permanent Lecturer on Sustainable Rural Development at UC Berkeley (USA)

Topic: Agroecology: principles and applications
for sustaining food production in a planet in crisis.

Host: **Dott. Davide Giovanardi**

10/04/2024 14:00 - 17:00

**The global crisis and the ecological impacts of industrial
agriculture; Agroecology: scientific basis and principles.**

12/04/2024: 09:00 - 12:00

**The ecological role of biodiversity in agroecosystems;
Agroecological conversion of farming systems;
Biodiversity and pest management.**

15/04/2024 09:00 - 12:00

**The design of climate change resilient farming systems;
Assessing sustainability and resiliency of agroecosystems.**

17/04/2024 9:00-12:00

**Urban agroecology; Applications of agroecology to rural
development in Latin America; Agroecology in the context of COVID
19, Russia-Ukraine conflict, economic inflation, etc.**
